

Forklift Cages & Suspended Cages (Crane Baskets)

www.skyjacks.co.za

We are
WACO

SkyJacks designs and manufactures a range of robust Suspended Cages (Crane Baskets) and Forklift Cages suitable for lifting both personnel and goods conforming to SANS 583:2015 or SANS 54502:2020. The supplied data pack will allow the user to obtain approval from the Department of Employment and Labour as specified in DMR 18(8).

In addition to standard cages and baskets we are able to design a custom unit for your specific application including:

- Gas bottle holders
- Specific sizing
- Flooring options
- Gate options

SkyJacks recently introduced Dual Man Cage with a removable backrest that can be used with a forklift, telehandler, mobile crane and overhead crane eliminating the need for multiple cages. This innovative cage meets the requirements of both SANS 583:2015 and SANS 54502:2020.
